The intangible benefits of building a vacation home here

Your very own weekend-getaway

A space for you to build a lifetime of memories with your family

A home that lets you bask in the midst of nature

MILESTONE 6

Escape from the *Mundane*

Building a vacation home is just one half of the dream. Living in the heart of nature while setting off on **new adventures every weekend** is the beautiful other half, completing that dream.

Here, you can truly enjoy the joys of building and cherishing a community, with **4 types of community open spaces** that include parks, ponds, hiking trails and amenity spaces, spanning **426,200 sq.ft.**

There is a new story waiting for every version of you. The explorative side of you can venture out to our **streamside barbeque area** and cook a heartwarming meal for your family.

The curious soul in you might want to set off on a rejuvenating morning **forest hike**. The solitude-seeking version of you might just take the evening off and **enjoy a blissful coracle ride at one of our many ponds.**

The possibilities are truly endless.

MILESTONE 7

The Clubhouse

The ReWild Doddaballapura **Clubhouse** extends across **2 luxurious acres, with 16,000 sq.ft.** of built area, opening up a plethora of enriching experiences.

An interesting mix of adventure, relaxation and exploration awaits you here. You'd be spoilt for choice dividing your time between **the Gym, the Yoga Deck, the Obstacle Course and the Hobby Room**. You could also enjoy the stunning view of the neighbouring forest while taking a dip in the **elevated swimming pool**, or while indulging in the most delicious meal at the restaurant. The magic doesn't end here. At night, you could head towards the **observatory** and immerse yourself in the allure of the starry night sky.

Furthermore, the Clubhouse also boasts a section of **6 lovely cottages** for you to stay when you come by to check in on the construction progress of your home. Once the home is built, you could also reserve these cozy cottages for your guests when they visit.

ReWild

Management Services

A vacation home isn't like a usual home. However, it requires the same amount of **upkeep and care** as any home.

ReWild Management Services, a special wing of ReWild Doddaballapura, takes care of your property in your absence, with a range of offerings

MILESTONE 9

A Landmark Of *Trust*

An extraordinary vision demands an extraordinary group of people to come together to create magic.

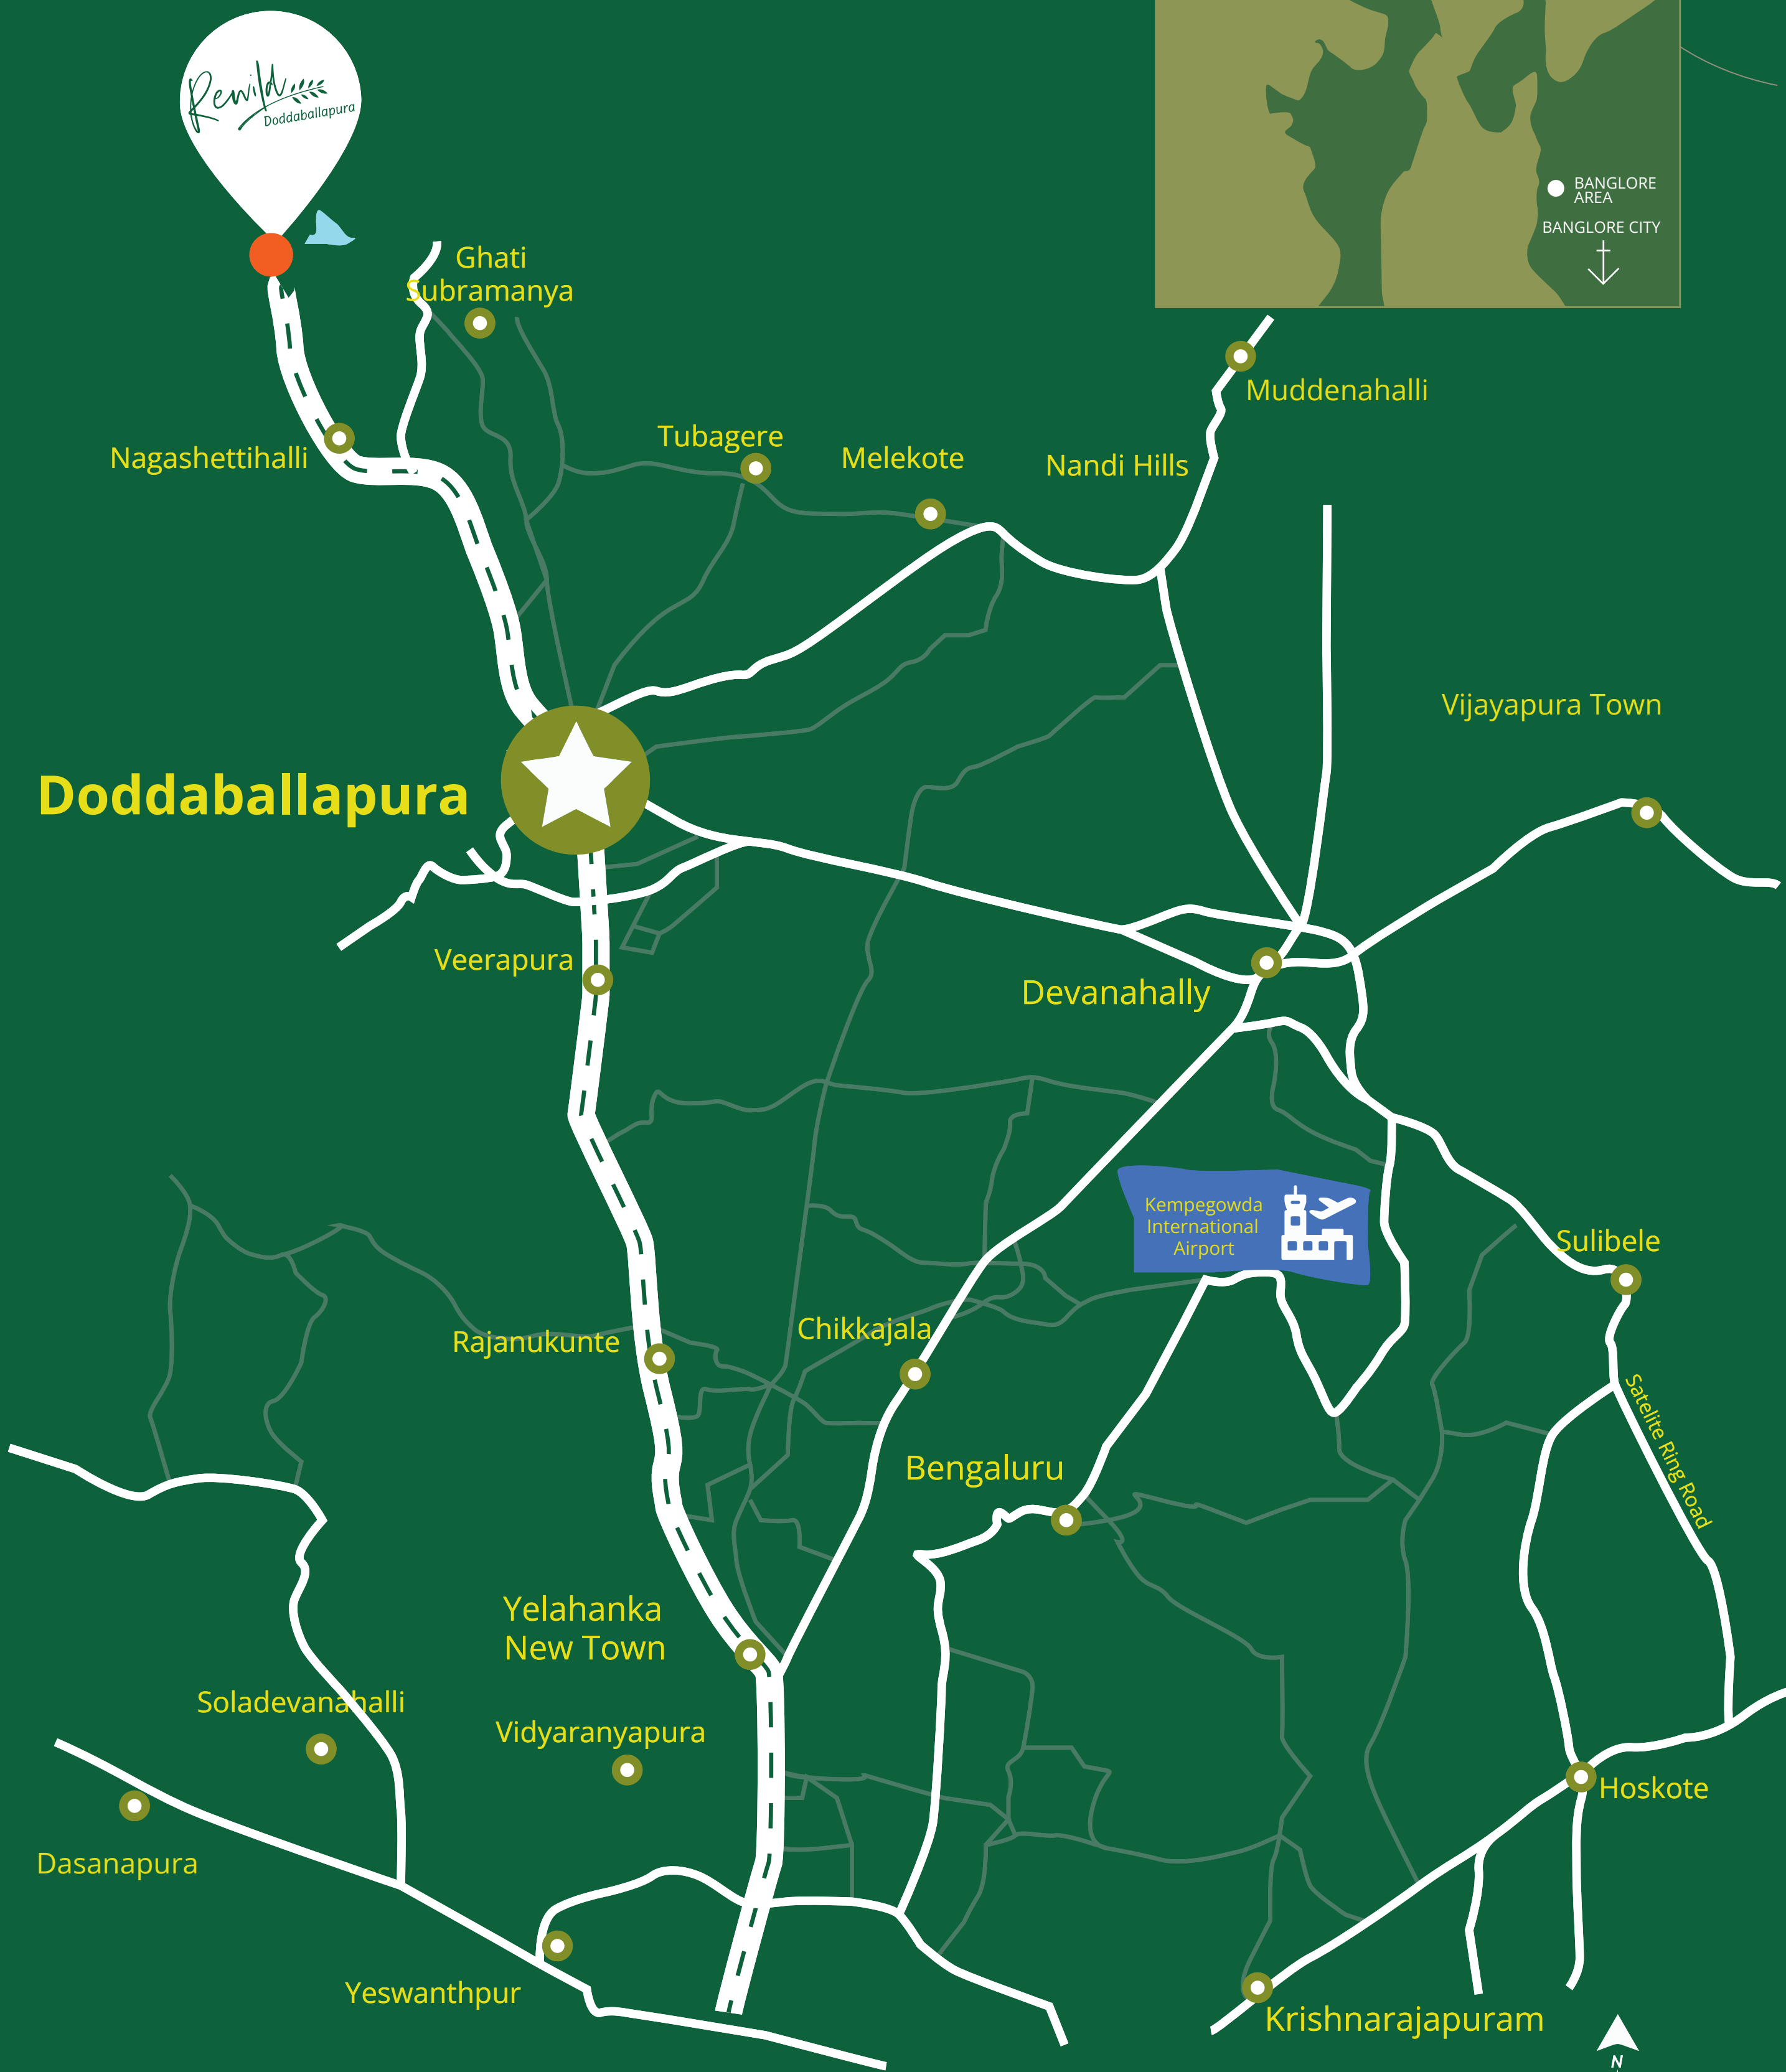

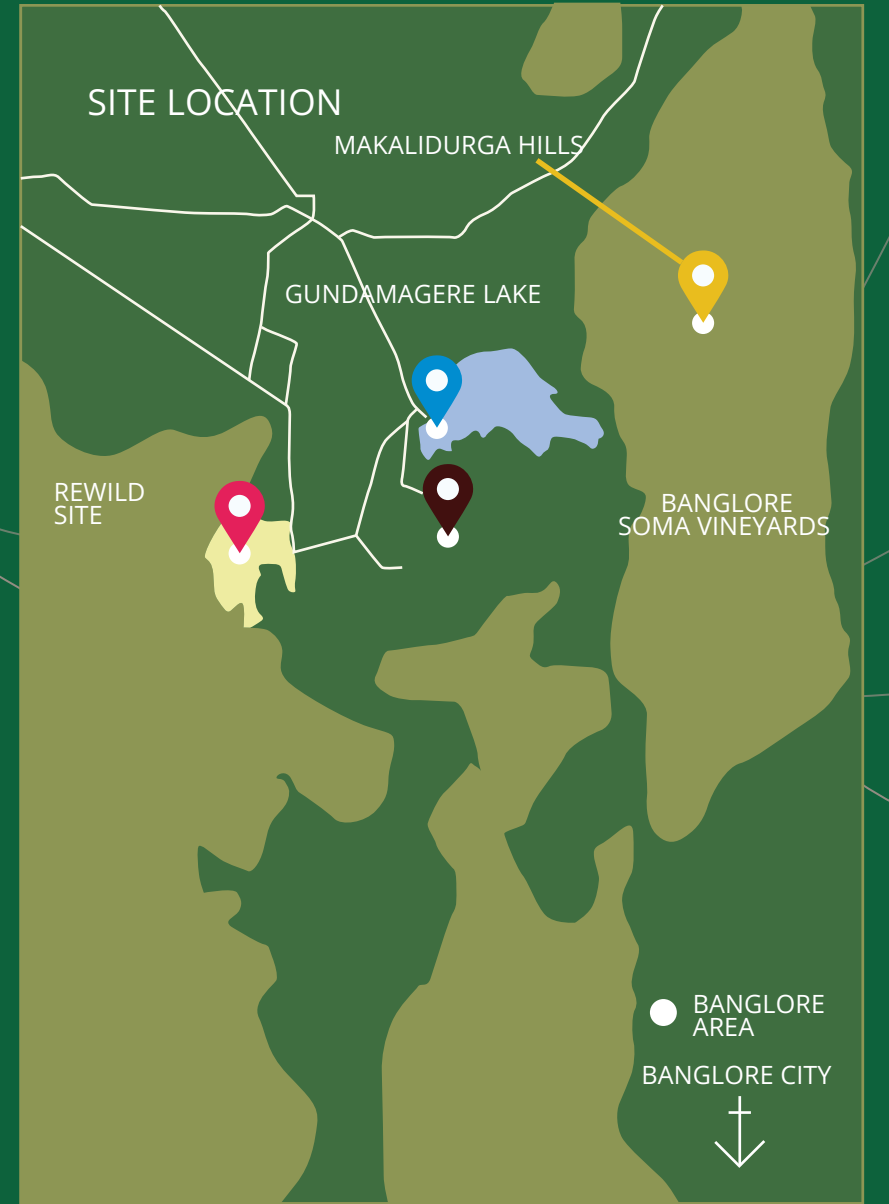

The founders of ReWild Doddaballapura found a property with special environmental characteristics. Not only do they retain these features but also elevate them.

In order to enhance the project, a team of master planners, landscape designers and architects crafted a comprehensive plan that focused on exactly that. They also took into account the needs of the homeowner whilst also considering the larger picture. For instance, this property has a water conservation plan through retention pods, groundwater recharge systems & planting of low maintenance, native species, leading to **14,800 KL of water stored** on site to meet the demand.

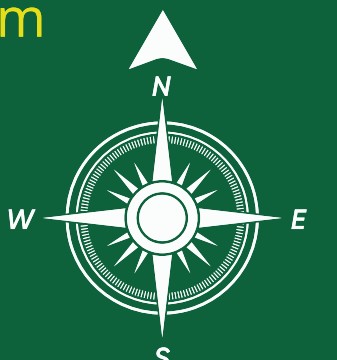

Introducing the **experts and visionaries** that have come together to create this unparalleled experience for you
