Kempegowda International Airport | Proposed Bagalur Cross Station | Kempegowda
International Airport Halt Railway Station | Proposed Bettahalasuru Station

THE SALIENT FEATURES OF YOUR COMMUNITY

A lifestyle that revolves around connection,
sustainability, community and greenery.

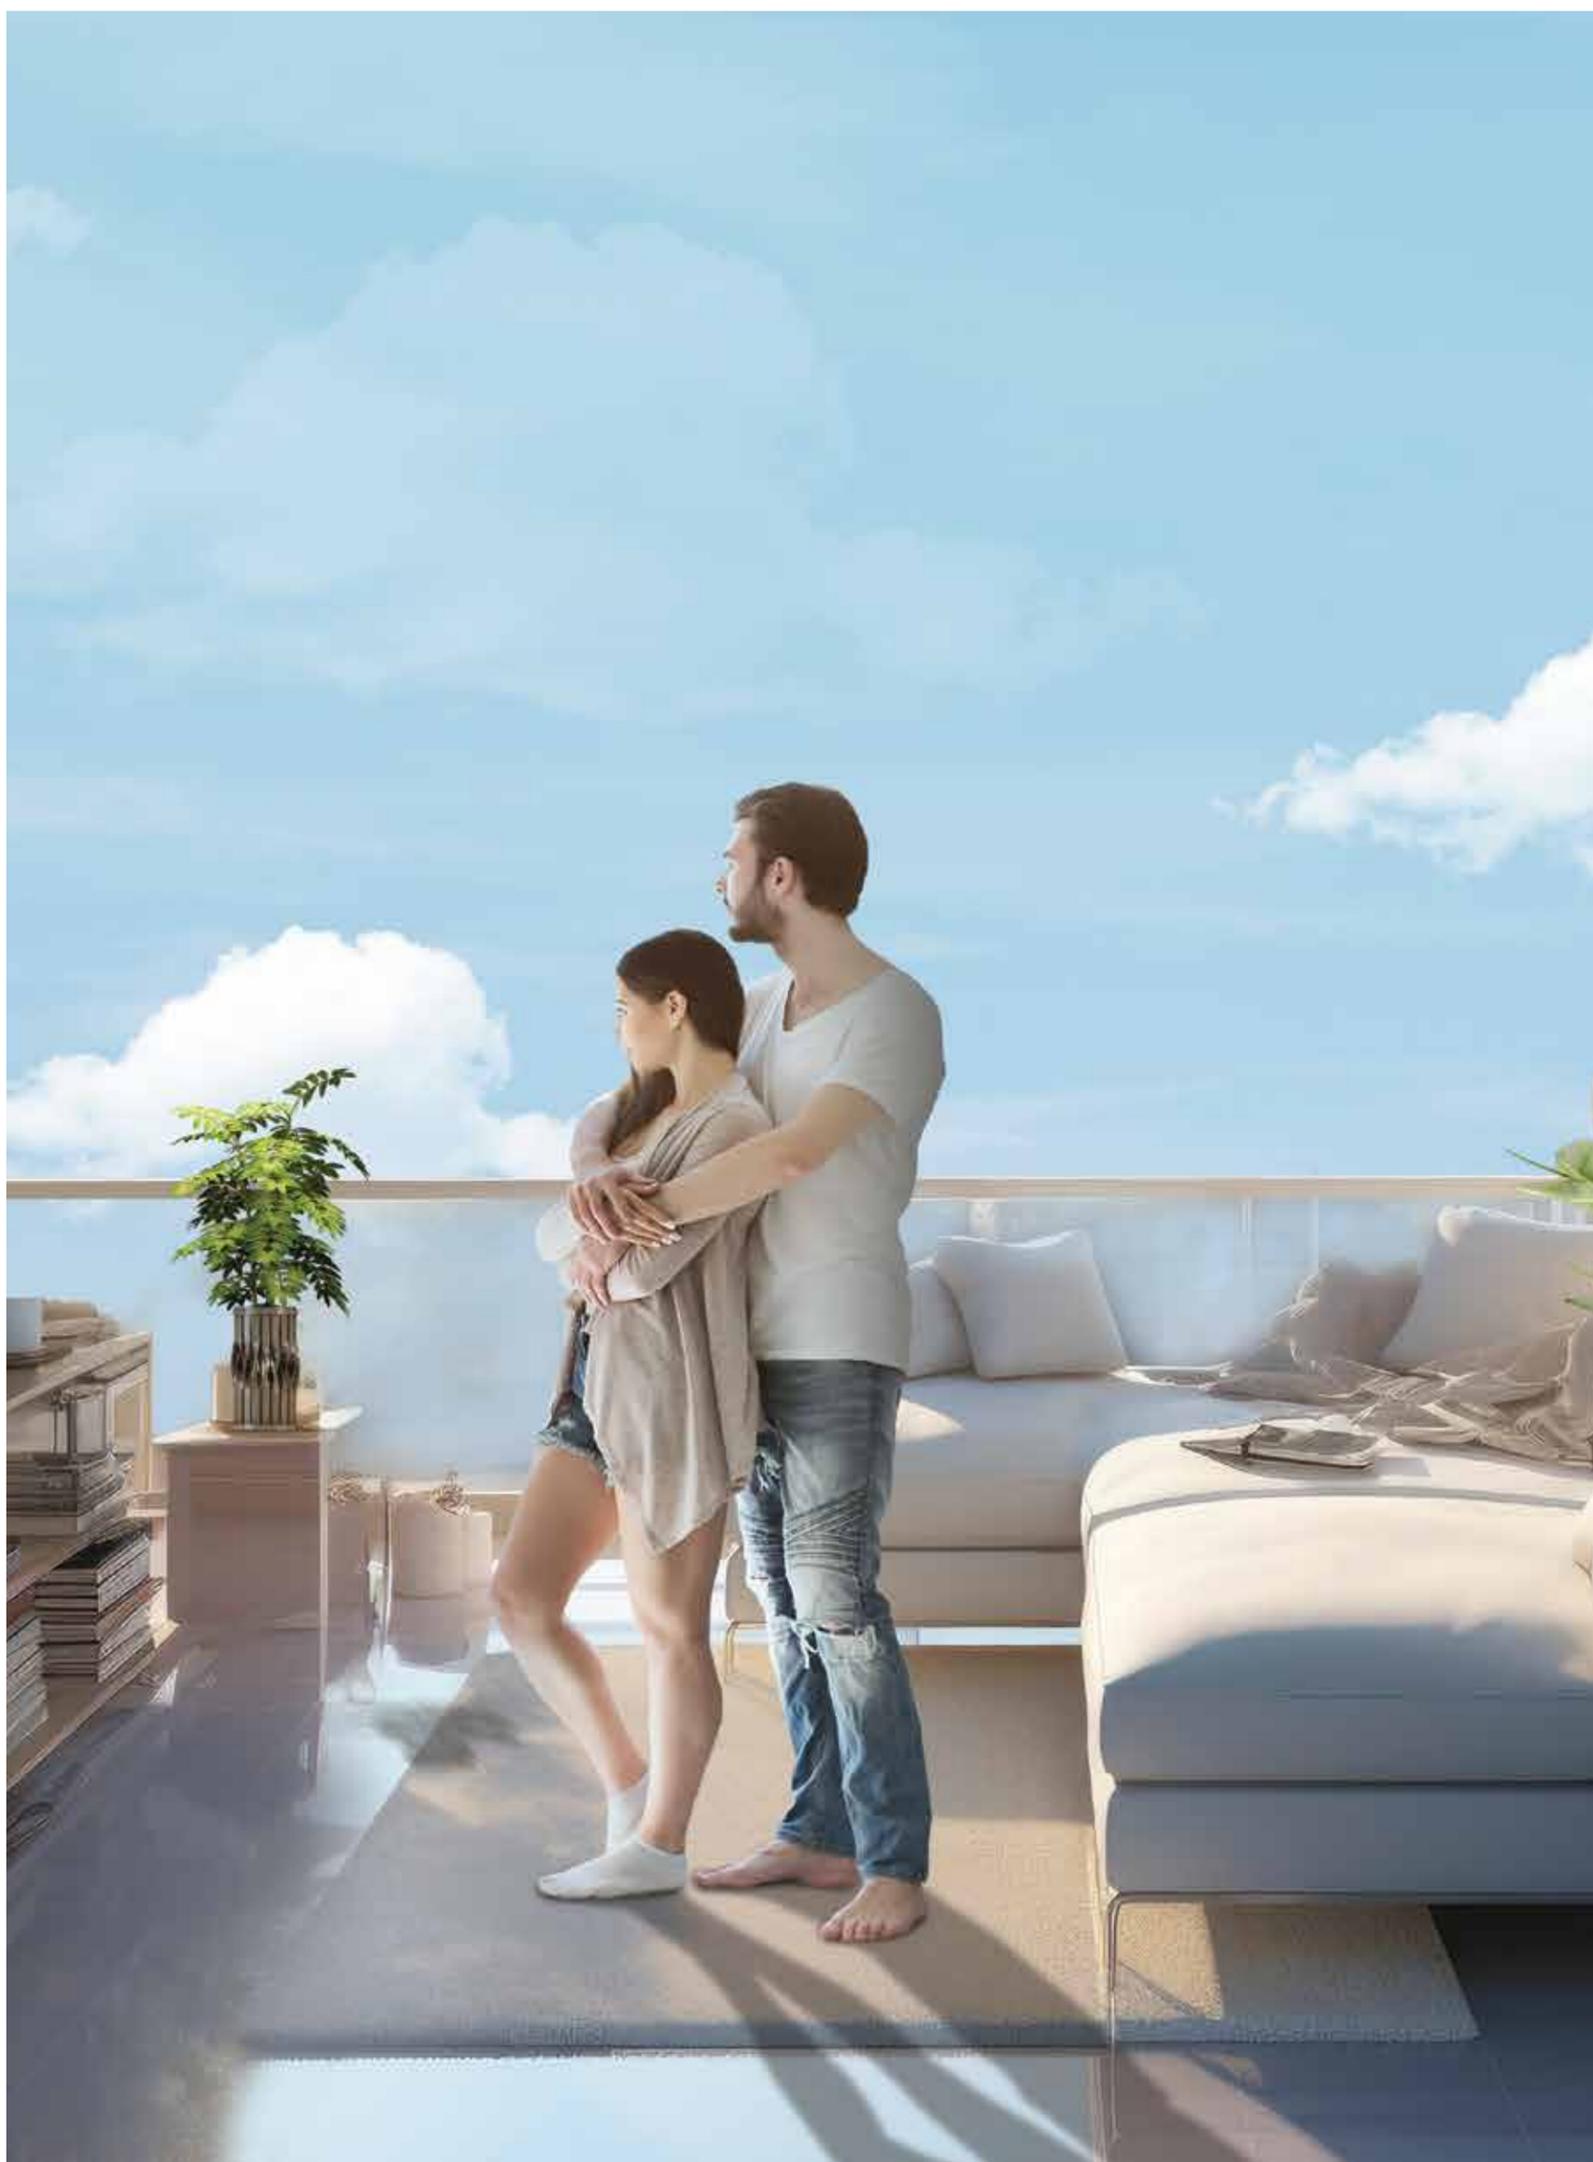

Aggregation of Common Areas

Elevating community living to new heights, North Park redefines shared spaces through innovative design. By thoughtfully reconfiguring common areas within each floor, we've created expansive open amenity spaces that inspire a sense of community and equity. From vibrant public outdoor areas to versatile meeting places, every aspect is meticulously crafted to promote a sense of connection and belonging among residents.

Energy Efficiency

At North Park, sustainability is at the core of our ethos. Through strategic energy efficiency configurations and resource optimisation, we've minimised our reliance on mechanical means, paving the way for a greener tomorrow. Embracing all-natural ventilation and harnessing daylight harvesting techniques, your home is designed to seamlessly blend comfort with environmental responsibility.

Community Focus

Embrace the spirit of togetherness at North Park, where every corner is designed to nurture a sense of belonging. Our thoughtfully curated congregation spaces, transition areas and meeting points encourage socialising and interaction. Whether it's a cosy lounge for intimate gatherings or designated spaces for yoga, chess, or urban farming, North Park is where community thrives.

Nature's embrace

Nestled in Bengaluru's moderate climate, North Park seamlessly blends urban living with natural serenity. Strategically placed evergreen trees provide a lush backdrop, while carefully chosen flora ensures year-round bursts of colour. Prioritising indigenous species for ecological balance and easy maintenance, we create a sustainable oasis.

ELEVATED SKY GARDENS

The 5 Stars of elevated living

What sets North Park apart are its remarkable sky gardens- dedicated spaces that house state-of-the-art amenities, creating a unique vertical community. At every fifth level, a sky garden offers a refreshing break from the everyday urban hustle, fostering a sense of community in the sky.

One of the greatest perks of this innovative design is the accessibility it affords. Imagine being on the eighth floor, feeling the urge to let your kids play, or seeking a moment of serenity in the meditation zone.

You don't need to journey up or down the building; everything you desire is right there, within reach. This seamless integration of amenities ensures that no matter which level you are on, your comfort and convenience are never compromised.

Welcome to elevated living, simplified.
